Working Tests

Sec. 5-230-1. Working tests

(a) Each appointee to a permanent position in the classified service shall serve a working test period. Such working test period shall begin on the date of appointment from the employment list, if the position is competitive. Otherwise, the working test period shall begin on the date of original permanent appointment.

(b) No additional working test period shall be required of any appointee from a reemployment list who previously served a satisfactory working test in the same or in a comparable class within the preceding three years.

(Effective July 9, 1975)
